

Iterator< Set< E > >

Iterable< Set< E > >

es.ull.esit.utilities.Power
Set< E >

```
graph BT; A[es.ull.esit.utilities.PowerSet< E >] --> B[Iterator< Set< E > >]; A --> C[Iterable< Set< E > >];
```

The diagram illustrates a class hierarchy. At the bottom is a gray box representing the class `es.ull.esit.utilities.PowerSet< E >`. Two blue arrows point upwards from this box to two white boxes above it. The left white box contains the text `Iterator< Set< E > >`, and the right white box contains the text `Iterable< Set< E > >`. This indicates that `PowerSet` implements both the `Iterator` and `Iterable` interfaces for sets of type `E`.
